

## Vincent Jebaraj - Guinness Records Holder

**In the Woods** : Commerce 1992-95, Selaiyurian

### 1st Guinness Record

**Longest Radio DJ set played suspended upside down**

This was originally done by Stefano Vennari from Italy for 15.26 minutes and Vincent surpassed his record on 10th Dec 2011 by doing it for 29.01 minutes.

This record was performed to raise funds for HIV/AIDS Shelter Trust for Children.

He is also 1st Indian to have done such a feat. A stage of 30 feet height was erected and with the help of a crane VJ was suspended upside down with the DJ equipment below. He interviewed Dr. Prateep Phillip (ADGP Crime) who shared his horrifying experience on how he was saved in the Rajiv Gandhi Assassination case. This was broadcast live on [www.iraiisai.org](http://www.iraiisai.org), an Australian based web radio. (*Incidentally, the owner of this radio station is also an MCCian*).
